

Growth and Succession  
Planning Made Possible

**Maple Seed Capital is a private equity firm** that invests transition capital in small and mid-size healthcare companies located in northern Indiana, northwest Ohio and southern Michigan. Our investment interests reflect our experience as successful business people, entrepreneurs and healthcare professionals:

- HEALTHCARE SERVICE PROVIDERS
- SPECIALTY CHEMICAL INDUSTRY
- OTHER SELECT COMPANIES

We are discerning, active investors, employing our own capital and that of select investment partners. By securing a controlling interest in the businesses we invest in, we provide liquidity to company founders and owners and bring new expertise to facilitate future growth. We also assist privately held companies with succession planning and bridging the gap from founders/owners to next generation owners as they grow into leadership and management roles.

Maple Seed Capital seeks companies with strong value propositions and great management teams that have demonstrated consistent profitability and will benefit from our experience, tools and networking contacts. We encourage management teams to co-invest with us. Our goal is to provide mutual gains for all stakeholders.

*“Maple Seed Capital is unique because we have deep experience as successful business owner-operators, healthcare professionals and entrepreneurs, and focus entirely on businesses in the Great Lakes region that are looking for opportunities for growth, exit or a proactive succession plan.”*

- Eric Beier, MD, MBA  
Founder & Managing Member  
Maple Seed Capital

**WE INVEST IN COMPANIES GENERALLY LOCATED WITHIN A 120-MILE RADIUS OF FORT WAYNE, IN.**

## Investment Criteria

Maple Seed Capital is open to opportunities that meet the following criteria:

- Companies with consistent EBITDA of \$750,000 to \$2 million for the past 3 years
- Experienced management teams with a record of high performance and integrity
- Established businesses with an enduring competitive advantage, long-standing customer relationships and significant market share of a well-defined market or niche
- Healthcare service providers such as orthopedic supply chain and provider services
- Specialty chemical companies such as adhesives, coatings, agrichemicals, lubricants and additives
- Select, specialized companies in other industries that meet our investment criteria
- Platform companies amenable to add-on acquisitions

Maple Seed Capital does not invest in startup companies, those involved in venture capital raises or re-start transactions. We do not consider investments where we do not have a majority share in the company.
